## R2 Set Reminders

## R2.2 Edit Reminder

## R2.3 Delete Reminder

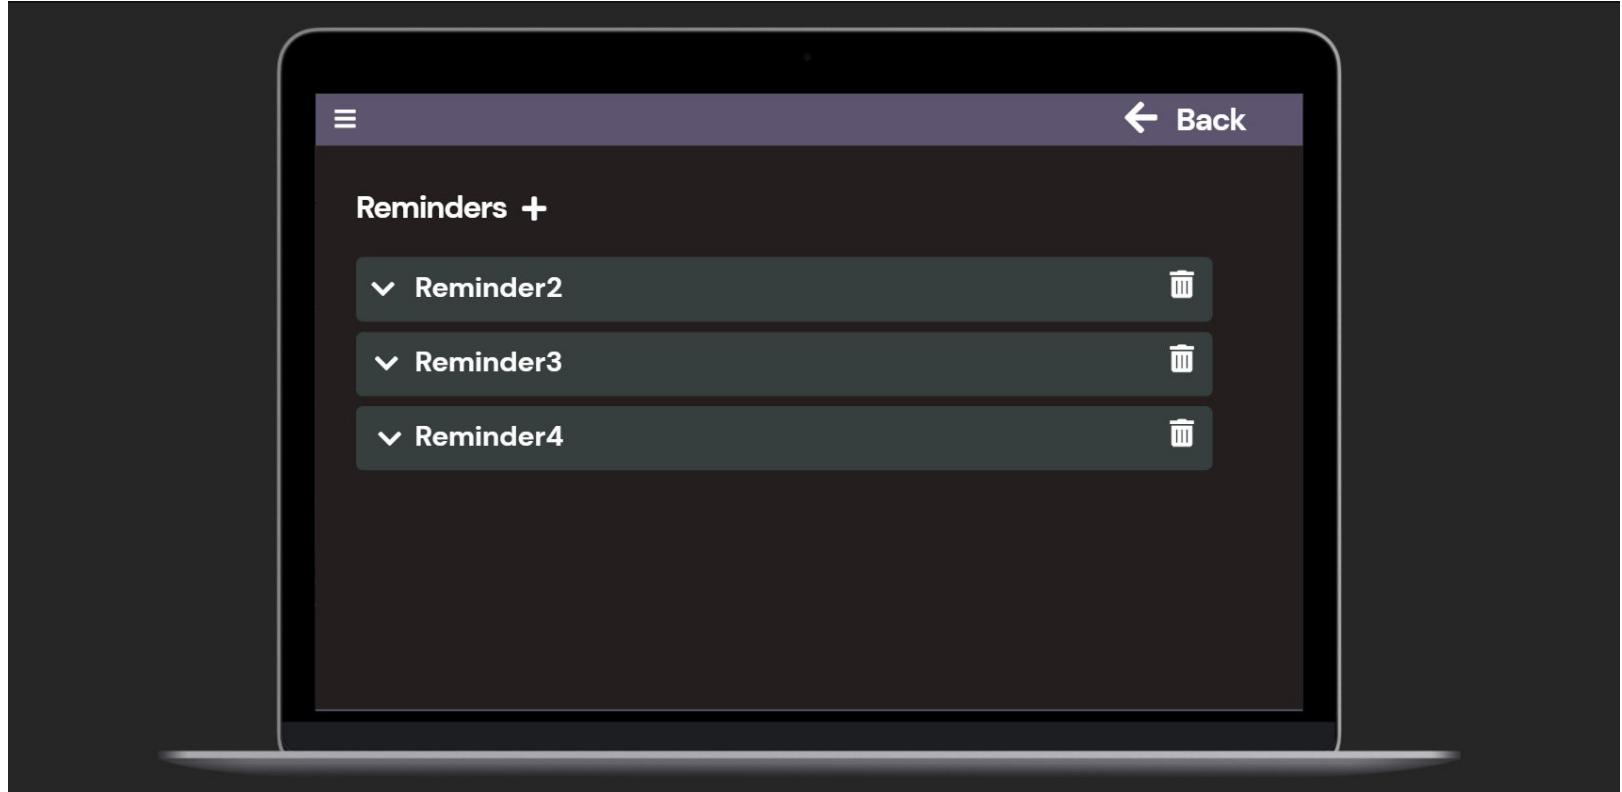

## R2.1 Create Reminder

The screenshot shows a mobile application interface for creating a reminder. At the top, there is a purple header bar with a hamburger menu icon on the left and a 'Back' button with a left-pointing arrow on the right. Below the header, the main content area has a dark background. A central card titled 'Reminder4' with a trash icon in the top right corner contains the following elements:

- A calendar widget showing 'March ^' and '2022 ^'. The calendar grid has days of the week as headers. The date '11' is highlighted with a blue circle.
- Input fields for 'Hour' and 'Mins', each represented by a white rectangular box.
- Radio buttons for 'AM' and 'PM' time selection.
- A list of five repeat options, each with a radio button:
  - Does not repeat
  - Repeat every day
  - Repeat every week
  - Repeat every month
  - Repeat every year
- A yellow 'Save' button with a black border at the bottom right of the card.
